**KSC POST OFFICE THANKSGIVING HOLIDAY SCHEDULE:** The KSC Post Office will be closed Thursday and Friday November 28 & 29, 2002. U.S. Mail will not be picked up or dispatched on these days. (TA-E1)

**EEAW 2003 KICKOFF PLANNING MEETING:** The EEAW Team is planning a Kickoff Meeting on November 19, at 9 a.m. in the O&C Building, Room 3132 to plan next year's event. We are looking for volunteers to help with the upcoming awareness event. The slogan for next year is **"Kennedy Space Center = Kilowatts Saved Counts."** We need your support! Point of contact: Environmental & Energy Awareness Group, TA-C3, 867-8452. (TA-C3)

**INTERNATIONAL SPACE RESEARCH PARK SCOPING MEETING—DECEMBER 3:** The Environmental Program Office would like to invite the KSC employees to an International Space Research Scoping Meeting on December 3, at 11:00 a.m. in the KSC Training Auditorium. NASA is proposing entering into an agreement with the State of Florida, through the Florida Space Authority, to develop an International Space Research Park (ISRP) on the Kennedy Space Center. The goal of the Park is to provide an opportunity for appropriate commercial, research and educational interests to develop new, state-of-the-art facilities to promote the expanded use of space. An Environmental Impact Statement (EIS) addressing the impacts of the proposed development on two alternative sites on the Kennedy Space Center is being prepared and will be discussed. A Notice of Intent (NOI) was published on October 8, 2002. You are cordially invited to attend this meeting, bringing all your concerns, issues, and questions. Come checkout what KSC is planning on proposing. A website has been established for the ISRP, <http://researchpark.ksc.nasa.gov> for your information and use. Click on the Environmental link to view our page and also make comments on line. If you have any questions, please feel free to contact Mario Busacca at 867-8456 or Barbara Naylor at 867-8452. (TA-C3)

**LOST & FOUND ITEMS—KSC FITNESS CENTERS:** We just might have what you've been looking for... The KSC Fitness Centers have clothes, hats, sunglasses, coffee mugs, gloves, locks, watches, pagers, and more. We will be delivering all lost and found items to KSC's central Lost and Found offices on Friday, November 15. If you believe you have lost an item in the O&C or OSB Fitness Center, come by, describe the item and reclaim your property. Call 867-7829 for more information. <mailto:gensmsj@kscems.ksc.nasa.gov>. (TA-C2)

**AMERICA RECYCLES DAY:** Coming soon! How would you like for your old tires to help your garden grow, or your soda bottles to keep you cozy and warm? When you recycle these items they can be made into soaker hoses, carpeting and fleece jackets. On Friday, November 15, our nation will celebrate America Recycles Day (ARD). ARD is an annual nation-wide awareness event that encourages individuals to recycle and to buy recycled-content products. The theme of this year's celebration is **"Make Every Day America Recycles Day."** At the Kennedy Space Center, we want to sponsor a recycling roundup of items such as overhead transparencies and compact discs (CD's). These items were chosen because they do not require any additional containers, manpower, contract modifications or logistical planning. For the next few weeks leading up to November 15, please forward all of your overhead transparencies and compact discs to Mail Code: **TA-C3/Hines**. Please note that any CD's containing classified/sensitive information or re-usable software must be handled in accordance with standard procedures for classified documents. We are only collecting outdated and otherwise known as landfill-bound CD's. CD's that are outdated or no longer needed may be rendered unreadable by deep scratching the data side (the shiny side without the label) with a nail, screwdriver, or a similar sharp tool. Please ensure that you score your CD's before forwarding them to us. After November 15, these recyclable commodities will be shipped to the nearest recycling/reuse facility in our area. This activity will not only promote the objective of ARD, but it will also provide measurements of how many pounds of CD's and transparencies are diverted from the landfill. We need your participation to achieve the objective of **America Recycles Day 2002**. Support not only this recycling initiative, but also make your commitment to recycling by obtaining an America Recycles Day pledge card at [www.americarecyclesday.org](http://www.americarecyclesday.org). Nationally, 6 individuals will be selected from all submitted pledge cards and the winners will receive a recycled-content prize package valued at more than \$2,000. Point of contact: Alice Smith, TA-C3, 867-8454. (TA-C3)

**2002 AMERICA RECYCLES DAY LOGO CONTEST:** The Recycling and Affirmative Procurement (RAP) Principal Center is sponsoring a NASA Recycles logo contest to celebrate America Recycles Day, November 15. NASA recycled over 17,000,000 pounds of materials in FY 2001! Let's continue to work towards NASA's goal of 35% reduction in Solid Waste by 2010. The contest is open to all KSC employees. The winner will be announced on November 15. The logo contest winner will receive a free Swiss made ReWATCH. This watch is made out of recycled aluminum. The logo will be used to promote NASA's recycling program throughout the year. Point of contact: Shannah Trout, 867-8443. (TA-C3)

**2002 AMERICA RECYCLES DAY FEDERAL POSTER CONTEST:** America Recycles Day 2002 is approaching. In support of America Recycles Day, celebrated on November 15, the NASA Environmental Program Branch (TA-C3) is sponsoring a poster contest for grades K through 12th. Immediate family members of NASA and/or contractor employees are eligible to participate. This year's theme is: **"Make Every Day America Recycles Day."** A certificate of participation will be awarded to all participants. Point of contact: Alice Smith, TA-C3, 867-8454. (TA-C3)

**KENNEDY SPACE CENTER=KILOWATTS SAVED COUNTS:** The Environmental & Energy Awareness Team received many creative slogan nominations for the April 2003 EEAW event. Mike will be presented his award during the Kickoff Ceremonies at the KSC Environmental & Energy Awareness Week. Thank you all for your participation in this year's slogan contest. Mark your calendars for April 21-23, 2003, to celebrate Earth Day! **NUTRITION TIP OF THE WEEK FROM THE KSC FITNESS CENTERS: *The Holiday Season vs. Your Waistline.*** What's your holiday dining dream? Turkey with all the trimmings? Red velvet cake with a side of eggnog? Just the thought of the days and weeks ahead make many of us cringe in fear. How can we face the holidays without going off the track of our weight loss journey? The following are just a few suggestions that may help you greet temptation with confidence instead of holiday-induced helplessness.

- Plan ahead - Successful nutrition often boils down to successful planning.
- Be a picky eater - Instead of eating because it's there save the "fat and calories" for your favorite foods later in the day.
- Go "veggie" for a day - Take advantage of the healthier fruit and vegetable choices for a day. While all vegetarian foods are not necessarily lower in fat, they may provide extra nutrients in comparison to foods you are used to.
- Don't run on empty - Be careful not to go to a party hungry or save your appetite for the big meal at the end of the day. Eat a mini-meal before the office get-together or make yourself healthy snacks throughout the day over the holiday weekend at Mom's.
- Prepare leftovers to go - Pack up the leftovers for your guests in portable "doggie bags" to take with them.
- Keep a food journal - Keeping a food journal is one of the best tools in proper nutrition tracking. It helps keep food intake in moderation.
- Move it but don't booze it - Instead of downing extra alcohol (which may cause you to be extra tired and to even binge on certain foods) drink more water and make sure you get up and about. Go for a walk, go for a run, or even go to the local gym if possible. Incorporate extra physical activity whenever you can and wherever possible.

Although emphasis is placed on major procurement fraud, (particularly allegations of defective/substandard parts, mischarging, kickbacks, bid rigging, and research fraud), investigations are also conducted of theft, conflict of interest, environmental and hazardous waste violations, health care fraud, and computer related crimes. OCI also provides fraud briefings for Government and contractor employees that are designed to highlight potential risks concerning fraud and related matters. Suspected violations can be reported by calling 867-4714 locally, the toll free Hotline at 1-800-424-9183, or by writing NASA Inspector General, P. O.
